Other Items Required With This Application:

1. A Site Plan showing a footprint of the proposed structure. Show the distance to the property lines, show the size of the lot and show the water and sewer tap or lines, existing or proposed driveway or other structures on the lot.
2. Flood Zone Determination – if you know your property is in a flood zone, please submit an elevation certificate.
(For Planning, Zoning District, Permitted Use, Flood Plain and Setback Determination)
3. 2 Sets of Construction Drawings with a materials list. Home drawn plans may be approved if we can read them. Please feel free to ask for assistance if you need help with your construction documents. We will be glad to help you.

All plans will be reviewed for code compliance and one set will be retained in the permit file for 180 days past the close of the project. See – IRC 106.3 Examination of Construction Documents and ICR 106.5 Retention of Construction Documents.

Signature of Owner or Authorized Representative
